1 General Definitions

For the purposes of this section, the following terms shall have the following meanings and terms not defined in this sub-section 1 (*General Definitions*) shall have the meaning given to them elsewhere in this Information Memorandum:

- change the method used to calculate any amount payable on the OLO 71s;

change the principal amount of outstanding OLO 71s or, in the case of a cross-series modification, the principal amount of debt securities of any other series required to approve a proposed modification in relation to the OLO 71s, the principal amount of outstanding OLO 71s required for a quorum to be present, or the rules for determining whether an OLO is outstanding for these purposes; or

change the definition of a reserved matter;

and has the same meaning in relation to the debt securities of any other series save that any of the foregoing references to the OLO 71s shall be read as references to such other debt securities.

“**non-reserved matter**” in relation to the OLO 71s means any matter other than a reserved matter.

“**holder**” in relation to an OLO 71 means the person the Kingdom is entitled to treat as the legal holder of the OLO 71 and in relation to any other debt security means the person the Kingdom is entitled to treat as the legal holder of the debt security under the law governing that debt security.

“**record date**” in relation to any proposed modification means the date fixed by the Kingdom for determining the holders of the OLO 71s and, in the case of a cross-series modification, the holders of debt securities of each other series that are entitled to vote on or sign a written resolution in relation to the proposed modification.

(1) *Non-payment*: the Kingdom fails to pay any amount of principal in respect of the OLO 71s within 30 days of the due date for payment thereof or fails to pay any amount of interest in respect of the OLO 71s within 30 days of the due date for payment thereof; or

(2) *Breach of other obligations*: the Kingdom defaults in the performance or observance of any of its other obligations under or in respect of the OLO 71s and such default remains unremedied for 90 days after written notice thereof, addressed to the Kingdom by any holder of the OLO 71s.

“**business day**” in relation to the OLO 71s means a day (other than a Saturday or Sunday) on which (i) commercial banks and foreign exchange markets settle payments in Brussels and (ii) the TARGET 2 System is operating.

2 **Modification of OLO 71s**

Reserved Matter Modification. The terms and conditions of the OLO 71s may be modified in relation to a reserved matter with the consent of the Kingdom and:

- (a) the affirmative vote of holders of not less than 75% of the aggregate principal amount of the outstanding OLO 71s represented at a duly called meeting of holders; or

a written resolution signed by or on behalf of holders of not less than 66 2/3% of the aggregate principal amount of the OLO 71s then outstanding.

Cross-Series Modification. In the case of a cross-series modification, the terms and conditions of the OLO 71s and debt securities of any other series may be modified in relation to a reserved matter with the consent of the Kingdom and:

(a)(i) the affirmative vote of not less than 75% of the aggregate principal amount of the outstanding debt securities represented at separate duly called meetings of the holders of the debt securities of all the series (taken in the aggregate) that would be affected by the proposed modification; or

(a)(ii) a written resolution signed by or on behalf of the holder(s) of not less than 66 2/3% of the aggregate principal amount of the outstanding debt securities of all the series (taken in the aggregate) that would be affected by the proposed modification;

and

(b)(i) the affirmative vote of more than 66 2/3% of the aggregate principal amount of the outstanding debt securities represented at separate duly called meetings of the holders of each series of debt securities (taken individually) that would be affected by the proposed modification; or

(b)(ii) a written resolution signed by or on behalf of the holder(s) of more than 50% of the aggregate principal amount of the then outstanding debt securities of each series (taken individually) that would be affected by the proposed modification.

A separate meeting will be called and held, or a separate written resolution signed, in relation to the proposed modification of the OLO 71s and the proposed modification of each other affected series of debt securities.

Proposed Cross-Series Modification. A proposed cross-series modification may include one or more proposed alternative modifications of the terms and conditions of each affected series of debt securities provided that all such proposed alternative modifications are addressed to and may be accepted by any holder of any debt security of any affected series.

Partial Cross-Series Modification. If a proposed cross-series modification is not approved in relation to a reserved matter in accordance with sub-section 2.2, but would have been so approved if the proposed modification had involved only the OLO 71s and one or more, but less than all, of the other series of debt securities affected by the proposed modification, that cross-series modification will be deemed to have been approved, notwithstanding sub-section 2.2, in relation to the OLO 71s and debt securities of each other series whose modification would have been approved in accordance with sub-section 2.2 if the proposed modification had involved only the OLO 71s and debt securities of such other series, provided that:

(a) prior to the record date for the proposed cross-series modification, the Kingdom has publicly notified holders of the OLO 71s and other affected debt securities of the conditions under which the proposed cross-series modification will be deemed to have been approved if it is approved in the manner described above in relation to the OLO 71s and some but not all of the other affected series of debt securities; and

those conditions are satisfied in connection with the proposed cross-series modification.

Non-Reserved Matter Modification. The terms and conditions of the OLO 71s may be modified in relation to a non-reserved matter with the consent of the Kingdom and:

(a) the affirmative vote of holders of more than 50% of the aggregate principal amount of the outstanding OLO 71s represented at a duly called meeting of holders; or

a written resolution signed by or on behalf of holders of more than 50% of the aggregate principal amount of the outstanding OLO 71s.

Zero-Coupon Obligations. In determining whether a proposed modification has been approved by the requisite principal amount of OLO 71s and debt securities of one or more other series:

if the modification involves a zero-coupon obligation that did not formerly constitute a component part of an index-linked obligation, the principal amount of each such zero-coupon obligation will be equal to its nominal amount or, if its stated maturity date has not yet occurred, to the present value of its nominal amount:

For purposes of this sub-section 2.6:

- (i) the present value of a zero-coupon obligation is determined by discounting the nominal amount (or, if applicable, the adjusted nominal amount) of that zero-coupon obligation from its stated maturity date to the record date at the specified discount rate using the applicable market day-count convention, where the specified discount rate is:
 - (x) if the zero-coupon obligation was not formerly a component part of a debt security that expressly provided for the accrual of interest, the yield to maturity of that zero-coupon obligation at issuance or, if more than one tranche of that zero-coupon obligation has been issued, the yield to maturity of that zero-coupon obligation at the arithmetic average of all the issue prices of all the zero-coupon obligations of that series of zero-coupon obligations weighted by their nominal amounts; and
 - (y) if the zero-coupon obligation was formerly a component part of a debt security that expressly provided for the accrual of interest:
 - (1) the coupon on that debt security if that debt security can be identified; or
 - (2) if such debt security cannot be identified, the arithmetic average of all the coupons on all of the Kingdom's debt securities (weighted by their principal amounts) referred to below that have the same stated maturity date as the zero-coupon obligation to be discounted, or, if there is no such debt security, the coupon interpolated for these purposes on a linear basis using all of the Kingdom's debt securities (weighted by their principal amounts) referred to below that have the two closest maturity dates to the maturity date of the zero-coupon obligation to be discounted, where the debt securities to be used for this purpose are all of the Kingdom's index-linked obligations if the zero-coupon obligation to be discounted was formerly a component part of an index-linked obligation and all of the Kingdom's debt securities (index-linked obligations and zero-coupon obligations excepted) if the zero-coupon obligation to be discounted was not formerly a component part of an index-linked obligation, and in either case are denominated in the same currency as the zero-coupon obligation to be discounted.

Outstanding OLO 71s. In determining whether holders of the requisite principal amount of outstanding OLO 71s have voted in favour of a proposed modification or whether a quorum is present at any meeting of holders called to vote on a proposed modification, an OLO 71 will be deemed to be not outstanding, and may not be voted for or against a proposed modification or counted in determining whether a quorum is present, if on the record date for the proposed modification:

- (a) The OLO 71 has previously been cancelled or delivered for cancellation or held for reissuance but not reissued:

The OLO 71 has previously been called for redemption in accordance with its terms or previously become due and payable at maturity or otherwise and the Kingdom has previously satisfied its obligation to make all payments due in respect of the OLO 71 in accordance with its terms; or

The OLO 71 is held by the Kingdom, by a department, ministry or agency of the Kingdom, or by a corporation, trust or other legal entity that is controlled by the Kingdom or a department, ministry or agency of the Kingdom and, in the case of an OLO 71 held by any such above-mentioned corporation, trust or other legal entity, the holder of the OLO 71 does not have autonomy of decision, where:

- (i) the holder of an OLO 71 for these purposes is the entity legally entitled to vote the OLO 71 for or against a proposed modification or, if different, the entity whose consent or instruction is by contract required, directly or indirectly, for the legally entitled holder to vote the OLO 71 for or against a proposed modification;

a corporation, trust or other legal entity is controlled by the Kingdom or by a department, ministry or agency of the Kingdom if the Kingdom or any department, ministry or agency of the Kingdom has the power, directly or indirectly, through the ownership of voting securities or other ownership interests, by contract or otherwise, to direct the management of or elect or appoint a majority of the board of directors or other persons performing similar functions in lieu of, or in addition to, the board of directors of that legal entity; and

the holder of an OLO 71 has autonomy of decision if, under applicable law, rules or regulations and independent of any direct or indirect obligation the holder may have in relation to the Kingdom:

- (x) the holder may not, directly or indirectly, take instruction from the Kingdom on how to vote on a proposed modification; or
- (y) the holder, in determining how to vote on a proposed modification, is required to act in accordance with an objective prudential standard, in the interest of all of its stakeholders or in the holder's own interest; or
- (z) the holder owes a fiduciary or similar duty to vote on a proposed modification in the interest of one or more persons other than a person whose holdings of OLO 71s (if that person then held any OLO 71s) would be deemed to be not outstanding under this sub-section 2.7.

Outstanding Debt Securities. In determining whether holders of the requisite principal amount of outstanding debt securities of another series have voted in favour of a proposed cross-series modification or whether a quorum is present at any meeting of the holders of such debt securities called to vote on a proposed

cross-series modification, an affected debt security will be deemed to be not outstanding, and may not be voted for or against a proposed cross-series modification or counted in determining whether a quorum is present, in accordance with the applicable terms and conditions of that debt security.

Entities Having Autonomy of Decision. For transparency purposes, the Kingdom will publish promptly following the Kingdom's formal announcement of any proposed modification of the OLO 71s, but in no event less than 10 days prior to the record date for the proposed modification, a list identifying each corporation, trust or other legal entity that for purposes of sub-section 2.7(c):

- (a) is then controlled by the Kingdom or by a department, ministry or agency of the Kingdom;
- has in response to an enquiry from the Kingdom reported to the Kingdom that it is then the holder of one or more OLO 71s; and
- does not have autonomy of decision in respect of its holdings of OLO 71s.

Exchange and Conversion. Any duly approved modification of the terms and conditions of OLO 71s may be implemented by means of a mandatory exchange or conversion of the OLO 71s for new debt securities containing the modified terms and conditions if the proposed exchange or conversion is notified to holders prior to the record date for the proposed modification. Any conversion or exchange undertaken to implement a duly approved modification will be binding on all holders of OLO 71s.

Tabulation Agent

Appointment and Responsibility. The Kingdom will appoint a person (the "**tabulation agent**") to calculate whether a proposed modification has been approved by the requisite principal amount of outstanding OLO 71s and, in the case of a cross-series modification, by the requisite principal amount of outstanding debt securities of each affected series of debt securities. In the case of a cross-series modification, the same person will be appointed as the tabulation agent for the proposed modification of the OLO 71s and each other affected series of debt securities.

Certificate. The Kingdom will provide to the tabulation agent and publish prior to the date of any meeting called to vote on a proposed modification or the date fixed by the Kingdom for the signing of a written resolution in relation to a proposed modification, a certificate:

- (a) listing the total principal amount of OLO 71s and, in the case of a cross-series modification, debt securities of each other affected series outstanding on the record date for purposes of sub-section 2.7;
- (b) specifying the total principal amount of OLO 71s and, in the case of a cross-series modification, debt securities of each other affected series that are deemed under sub-section 2.7(c) to be not outstanding on the record date; and
- (c) identifying the holders of the OLO 71s and, in the case of a cross-series modification, debt securities of each other affected series, referred to in (b) above, determined, if applicable, in accordance with the provisions of sub-section 2.7.

Reliance. The tabulation agent may rely on any information contained in the certificate provided by the Kingdom, and that information will be conclusive and binding on the Kingdom and the holders unless:

- (a) an affected holder delivers a substantiated written objection to the Kingdom in relation to the certificate before the vote on a proposed modification or the signing of a written resolution in relation to a proposed modification; and

that written objection, if sustained, would affect the outcome of the vote taken or the written resolution signed in relation to the proposed modification.

In the event a substantiated written objection is timely delivered, any information relied on by the tabulation agent will nonetheless be conclusive and binding on the Kingdom and affected holders if:

- (x) the objection is subsequently withdrawn;

the holder that delivered the objection does not commence legal action in respect of the objection before a court of competent jurisdiction within 15 days of the publication of the results of the vote taken or the written resolution signed in relation to the proposed modification; or

a court of competent jurisdiction subsequently rules either that the objection is not substantiated or would not in any event have affected the outcome of the vote taken or the written resolution signed in relation to the proposed modification.

Publication. The Kingdom will arrange for the publication of the results of the calculations made by the tabulation agent in relation to a proposed modification promptly following the meeting called to consider that modification or, if applicable, the date fixed by the Kingdom for signing a written resolution in respect of that modification.

OLO-holder Meetings; Written Resolutions

General. The provisions set out below, and any additional rules adopted and published by the Kingdom will, to the extent consistent with the provisions set out below, apply to any meeting of holders called to vote on a proposed modification and to any written resolution adopted in connection with a proposed modification. Any action contemplated in this sub-section 4 to be taken by the Kingdom may instead be taken by an agent acting on behalf of the Kingdom.

Convening Meetings. A meeting of holders:

- (a) may be convened by the Kingdom at any time; and

will be convened by the Kingdom if an event of default in relation to the OLO 71s has occurred and is continuing and a meeting is requested in writing by the holders of not less than 10% of the aggregate principal amount of the OLO 71s then outstanding.

Notice of Meetings. The notice convening a meeting of holders will be published by the Kingdom at least 21 days prior to the date of the meeting or, in the case of an adjourned meeting, at least 14 days prior to the date of the adjourned meeting. The notice will:

- (a) state the time, date and venue of the meeting;

set out the agenda and quorum for, and the text of any resolutions proposed to be adopted at, the meeting;

specify the record date for the meeting, being not more than five business days before the date of the meeting, and the documents required to be produced by a holder in order to be entitled to participate in the meeting;

include the form of instrument to be used to appoint a proxy to act on a holder's behalf;

set out any additional rules adopted by the Kingdom for the convening and holding of the meeting and, if applicable, the conditions under which a cross-series modification will be deemed to have been satisfied if it is approved as to some but not all of the affected series of debt securities; and

identify the person appointed as the tabulation agent for any proposed modification to be voted on at the meeting.

Chair. The chair of any meeting of holders will be appointed:

(a) by the Kingdom; or

if the Kingdom fails to appoint a chair or the person nominated by the Kingdom is not present at the meeting, by holders of more than 50% of the aggregate principal amount of the OLO 71s then outstanding represented at the meeting.

Quorum. No business will be transacted at any meeting in the absence of a quorum other than the choosing of a chair if one has not been appointed by the Kingdom or is not present at the meeting. The quorum at any meeting at which holders will vote on a proposed modification of:

(a) a reserved matter will be one or more person(s) present and holding not less than 66 2/3% of the aggregate principal amount of the OLO 71s then outstanding; and

a non-reserved matter will be one or more person(s) present and holding not less than 50% of the aggregate principal amount of the OLO 71s then outstanding.

Adjourned Meetings. If a quorum is not present within thirty minutes of the time appointed for a meeting, the meeting may be adjourned for a period of not more than 42 days and not less than 14 days as determined by the chair of the meeting. The quorum for any adjourned meeting will be one or more holder(s) of OLO 71s present and holding:

(a) not less than 66 2/3% of the aggregate principal amount of the OLO 71s then outstanding in the case of a proposed reserved-matter modification; and

not less than 25% of the aggregate principal amount of the OLO 71s then outstanding in the case of a non-reserved matter modification.

Written Resolutions. A written resolution signed by or on behalf of holders of the requisite majority of the OLO 71s will be valid for all purposes as if it was a resolution passed at a meeting of holders duly convened and held in accordance with these provisions. A written resolution may be set out in one or more documents in any form each signed by or on behalf of one or more holders.

Entitlement to Vote. Any person who is a holder of an outstanding OLO 71 on the record date for a proposed modification, and any person duly appointed as a proxy by a holder of an outstanding OLO 71 on the record date for a proposed modification, will be entitled to vote on the proposed modification at a meeting of holders and to sign a written resolution with respect to the proposed modification.

Voting. Every proposed modification of the OLO 71s will be submitted to a vote of the holders of outstanding OLO 71s represented at a duly called meeting or to a vote of the holders of all outstanding OLO 71s by means of a written resolution without need for a meeting. A holder may cast votes on each proposed modification equal in number to the principal amount of the holder's outstanding OLO 71s.

Proxies. Each holder of an outstanding OLO 71 may, by an instrument in writing executed on behalf of the holder and delivered to the Kingdom not less than 48 hours before the time fixed for a meeting of holders or the signing of a written resolution, appoint any person (a "proxy") to act on the holder's behalf in connection with any meeting of holders at which the holder is entitled to vote or the signing of any written resolution that the holder is entitled to sign. Appointment of a proxy pursuant to any form other than the form enclosed with the notice of the meeting will not be valid for these purposes.

Legal Effect and Revocation of a Proxy. A proxy duly appointed in accordance with the above provisions will, subject to sub-section 2.7 and for so long as that appointment remains in force, be deemed to be (and the person who appointed that proxy will be deemed not to be) the holder of the OLO 71s to which that appointment relates, and any vote cast by a proxy will be valid notwithstanding the prior revocation or amendment of the appointment of that proxy unless the Kingdom has received notice or has otherwise been informed of the revocation or amendment at least 48 hours before the time fixed for the commencement of the meeting at which the proxy intends to cast its vote or, if applicable, the signing of a written resolution.

Binding Effect. A resolution duly passed at a meeting of holders convened and held with the consent of the Kingdom in accordance with these provisions, and a written resolution duly signed by the requisite majority of holders, will be binding on all holders, whether or not the holder was present at the meeting, voted for or against the resolution or signed the written resolution.

Publication. The Kingdom will without undue delay publish all duly adopted resolutions and written resolutions.

Notwithstanding anything to the contrary herein, the terms and conditions of the OLO 71s may be modified by the Kingdom without the consent of holders:

- (a) to correct a manifest error or cure an ambiguity; or
- (b) if the modification is of a formal or technical nature or for the benefit of holders.

The Kingdom will publish the details of any modification of the OLO 71s made pursuant to this sub-section 6 within ten days of the modification becoming legally effective.

BACKGROUND INFORMATION ON OLOS

The OLO Market

General

OLOs are tradeable instruments which represent indebtedness of the Kingdom issued in successive tranches. OLOs of different tranches which have identical characteristics (i.e. maturity, rate of interest and interest payment dates) form a single series (each a “**line**”). Each line of OLOs is identified by a specific International Securities Identification Number (“**ISIN**”).

OLOs are issued pursuant to the law of 2 January 1991 on the Public Debt Securities Market and Instruments of Monetary Policy, Royal Decrees dated 23 January 1991 and 16 October 1997 (the “**Royal Decree**”), a decree of the Minister of Finance of the Kingdom dated 12 December 2000 (the “**Ministerial Decree**”) and, for each particular issue of OLOs, a decree of the Minister of Finance of the Kingdom relating to such issue. OLOs have been auctioned in the Belgian market since May 1989.

OLOs may be issued in maturities in excess of one year subject to compliance with all applicable legal and regulatory requirements.

In total, 70 lines of OLOs have been issued prior to the date of this Information Memorandum. As at the end of August 2013, there were 27 outstanding lines of OLOs with an aggregate outstanding amount of approximately euro 308.6 billion. The average size of OLO lines with a fixed rate coupon is euro 12.1 billion and the average weighted remaining maturity of OLOs with a fixed rate coupon is about 7.69 years. OLOs are the primary means of issuing debt for the Kingdom, and represented about 80,98 % of the Kingdom’s total outstanding debt as at the end of August 2013.

Liquidity

Primary dealers are required to participate as market maker in one or more of the selected “inter-dealer broker” system(s) for the Belgian Government Securities market. The monthly turnover in OLOs from January 2012 to August 2013 was on average euro 163 billion (excluding repos).

Strip market

In 1992, a strip market was introduced. In total, 26 lines of OLOs are now strippable (including OLO 71), with 4 coupon dates.

Denomination of OLOs

All OLOs currently in issue are denominated in euro, following the redenomination into euro of OLOs denominated in Belgian francs, French francs and Deutsche marks on 2 January 1999.

OLOs do not have any formal minimum amount. For OLOs issued through auction, bids or subscriptions, pursuant to the Ministerial Decree, there may be requirements as to minimum amounts and multiples of a given amount.

Primary and Recognised Dealers

Secondary market liquidity in the OLO domestic market is provided by the primary dealers (“**Primary Dealers**”) and the recognised dealers (“**Recognised Dealers**”), in Belgian government securities.

Only Primary and Recognised Dealers may submit competitive bids at auctions. Only Primary Dealers and, under certain conditions, the NBB, the *Fonds monétaire/Munifonds*, the *Caisse des Dépôts et Consignations / Deposito- en Consignatiekas* and the *Fonds des Rentes / Rentenfonds* may submit non-competitive bids. In the event the Kingdom issues OLO tranches for subscription by investors as defined in Article 1§1 of the Royal Decree dated 16 October 1997, such OLOs will also be subscribed for through non-competitive bids by a panel of “placing institutions”.

Issue Procedures

OLOs may be issued under a number of defined procedures. The most important of these are competitive auctions, non-competitive bids, exchange offers and underwritten issues.

CLEARING AND SETTLEMENT

Issue and Settlement

The OLO 71s will be cleared and settled in the clearing system operated by the National Bank of Belgium (the “**NBB System**”) and Euroclear Bank SA/NV (“**Euroclear**”) or Clearstream Banking SA (“**Clearstream, Luxembourg**”). Settlement will take place on a “delivery versus payment” basis in accordance with the current NBB System and Euroclear or Clearstream, Luxembourg procedures. OLO 71s will be settled on 17 September 2013.

The OLO 71s will be created in the account of the Kingdom with the NBB System on 17 September 2013. The Kingdom will procure that the NBB System credits on the same day the OLO 71s from the Kingdom’s account with the NBB System to the account of BNP Paribas Fortis with the NBB System on a “delivery versus payment” basis. On the same day and in accordance with the normal operating procedures of the NBB System, Euroclear or Clearstream, Luxembourg, BNP Paribas Fortis will deliver the OLO 71s to the other Managers (as defined below) and the Selling Group Members (as defined below) on the accounts specified by them on a delivery versus payment basis.

Book-Entry

The OLO 71s will be held in book-entry form in the securities accounts of the NBB System. Access to the NBB System is available through those of its participants whose membership extends to securities such as the OLO 71s (“**Participants**”). Direct Participants include Euroclear and Clearstream, Luxembourg.

Transfer of Interests in the OLO 71s

Transfers between Participants will be effected in accordance with the rules and operating procedures of the NBB System. Transfers between investors will be effected in accordance with the respective rules and operating procedures of the direct or indirect Participants through whom they have elected to hold their OLO 71s, including Euroclear and Clearstream, Luxembourg.

The Kingdom will not have any responsibility for the performance by the NBB System or its Participants of their obligations under their respective rules and operating procedures.

BELGIAN TAXATION ON THE OLO 71S

Taxation of the OLO 71s will be governed by the Belgian tax regime specified by the law of 6 August 1993 concerning transactions in certain bonds (*Loi du 6 août 1993 relative aux opérations sur certaines valeurs mobilières / Wet van 6 augustus 1993 betreffende de transacties met bepaalde effecten*) and the Royal Decree of 26 May 1994 on the deduction of withholding tax (*Arrêté royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier conformément au chapitre 1er de la loi du 6 août 1993 relative aux opérations sur certaines valeurs mobilières / Koninklijk besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing overeenkomstig hoofdstuk I van de wet van 6 augustus 1993 betreffende de transacties met bepaalde effecten*), each as amended, known as the “X / N regime”.

It will also be governed by article 338bis of the Belgian Income Tax Code (*Code des Impôts sur les revenus 1992 / Wetboek van de Inkomstenbelastingen 1992*) (the “**Tax Code**”) introduced by the law of 17 May 2004 transposing Council Directive 2003/48/EC on taxation of savings income in the form of interest payments into Belgian law and modifying the Belgian Income Tax Code of 1992 with respect to withholding tax, as amended from time to time, together with its implementing decrees, in particular the Royal Decrees of 27 September 2009.

Withholding Tax

All payments by or on behalf of the Kingdom of principal and interest on the OLO 71s will be made without deduction of Belgian withholding tax for the OLO 71s held by certain eligible investors (the “**Eligible Investors**”) in an exempt securities account (an “**Exempt Account**”) with the NBB System or with a Participant. Otherwise, withholding tax will generally be applicable to the OLO 71s at the rate of 25% on the gross amount of interest.

Eligible Investors are those entities referred to in Article 4 of the Royal Decree of 26 May 1994 which include, among others, (i) all investors who are not residents of the Kingdom for Belgian tax purposes (provided in the case of non-resident collective investment schemes which are not separate legal entities that their units have not been and are not issued publicly – and are not commercialised – in the Kingdom, and provided in the case of non-resident investors who are individuals or non-profit organisations that they have not allocated the OLO 71s to the exercise of a professional activity in Belgium) and (ii) all Belgian resident corporate investors validly formed as separate legal entities and subject to corporation tax, including Belgian SICAVs / BEVEKs.

Eligible Investors do not include, among others, Belgian resident investors who are individuals or certain non-profit making organisations.

Upon opening of an Exempt Account with the NBB System or with a Participant, an Eligible Investor is required to provide a statement of its eligible status in a form approved by the Minister of Finance of the Kingdom. There are no ongoing declaration requirements for Eligible Investors (except in case of any change in the information contained in the aforesaid statement). However, Participants are required to make annual declarations to the NBB System as to the eligible status of each investor for whom they hold the OLO 71s in an Exempt Account.

Such documentary requirements do not apply to the OLO 71s held by Eligible Investors in a securities account with Euroclear, Clearstream, Luxembourg or any intermediary which is a participant in Euroclear or

Clearstream, Luxembourg and is not established in the Kingdom, provided that these institutions administer only Exempt Accounts and are able to identify the holders of such accounts.

Stripped OLO 71s (principal and coupon strips) may be held only by Eligible Investors in an Exempt Account but the law of 5 December 2004 amending the law of 6 August 1993 concerning transactions in certain bonds (*Loi du 6 août 1993 relative aux opérations sur certaines valeurs mobilières / Wet van 6 augustus 1993 betreffende de transacties met bepaalde effecten*) permits the holding of principal strips of OLO lines issued after 1 January 2004 by others than Eligible Investors if the relevant OLO line is so designated by the King.

Capital Gains and Income tax

Investors who are not residents of the Kingdom for Belgian tax purposes and are not holding the OLO 71s through a Belgian establishment (*établissement belge / Belgische inrichting*) within the meaning of Article 229 of the Tax Code and do not conduct professional activities in the Kingdom as defined in Article 228, paragraph 2, sub-paragraph 4 of the Tax Code will not incur or become liable for any Belgian tax on income or capital gains or other like taxes by reason only of the acquisition, ownership or disposal of the OLO 71s provided that they hold their OLO 71s in an Exempt Account.

Transfer Tax

The acquisition or disposal of the OLO 71s is not subject to any Belgian stamp, documentary, value added, stock exchange or other transfer tax.

EU SAVINGS DIRECTIVE

On 3 June 2003 the Council of the European Union adopted Council Directive 2003/48/EC on taxation of savings income in the form of interest payments (the “**Directive**”). The Directive entered into effect on 1 July 2005.

Under this Directive the competent authority of each EU Member State is required to systematically report to the competent authority of another Member State details of payments of interest (or other similar income) paid by a qualifying paying agent within its jurisdiction to an individual resident in such other Member State. The Directive allowed, however, that during a transitional period Belgium, Luxembourg and Austria would be exempted from such reporting obligation and were instead authorised to apply a specific withholding tax on such interest payments, except where the individual resident in the other Member State requests an exemption in accordance with the procedure to be provided for in this respect by Austria, Belgium and Luxembourg in line with the procedures described in the Directive.

With effect from 1 January 2010, Belgium abandoned the system of withholding tax and switched to the general system of exchange of information. Based on article 338bis of the Tax Code and its implementing Royal Decrees of 27 September 2009, a paying agent established in Belgium making any payment of interest under the OLO 71s to an individual (beneficial owner) resident in another EU Member State or in certain Third countries (with which Belgium or the European Union has a treaty containing a reciprocity obligation) will be required to notify certain data to the Belgian tax authorities competent for the tax assessments, and these tax authorities will in turn automatically exchange this information with the competent tax authorities of the resident state of the recipient-beneficial owner.
