BACKGROUND INFORMATION ON OLOs

The OLO Market

General

OLOs are tradeable instruments which represent indebtedness of the Kingdom issued in successive tranches. OLOs of different tranches which have identical characteristics (i.e. maturity, rate of interest and interest payment dates) form a single series (each a “line”). Each line of OLOs is identified by a specific International Securities Identification Number (“ISIN”).

OLOs are issued pursuant to the law of 2 January 1991 on the Public Debt Securities Market and Instruments of Monetary Policy, Royal Decrees dated 23 January 1991 and 16 October 1997 (the “**Royal Decree**”), a decree of the Minister of Finance of the Kingdom dated 12 December 2000 (the “**Ministerial Decree**”) and, for each particular issue of OLOs, a decree of the Minister of Finance of the Kingdom relating to such issue. OLOs have been auctioned in the Belgian market since May 1989.

OLOs may be issued in maturities in excess of one year subject to compliance with all applicable legal and regulatory requirements.

In total, 60 lines of OLOs have been issued prior to the date of this Information Memorandum. As at the end of December 2010, there were 24 outstanding lines of OLOs with an aggregate outstanding amount of approximately euro 257.8 billion. The average size of OLO lines with a fixed rate coupon is euro 11.078 billion and the average weighted remaining maturity of OLOs with a fixed rate coupon is about 6.99 years. OLOs are the primary means of issuing debt for the Kingdom, and represented about 75.56 % of the Kingdom’s total outstanding debt as at the end of December 2010.

Liquidity

Primary dealers are required to participate as market maker in one or more of the “inter-dealer broker” system(s) for the Belgian Government Securities market. The monthly turnover in OLOs in 2010 was on average euro 67 billion (excluding repos).

Strip market

In 1992, a strip market was introduced. In total, 23 lines of OLOs are now strippable, with 2 coupon dates.

Denomination of OLOs

All OLOs currently in issue are denominated in euro, following the redenomination into euro of OLOs denominated in Belgian francs, French francs and Deutsche marks on 2 January 1999.

OLOs do not have any formal minimum amount. For OLOs issued through auction, bids or subscriptions, pursuant to the Ministerial Decree, there may be requirements as to minimum amounts and multiples of a given amount.

Primary and Recognised Dealers

Secondary market liquidity in the OLO domestic market is provided by seventeen primary dealers (“**Primary Dealers**”) and by four recognised dealers (“**Recognised Dealers**”).

Only Primary and Recognised Dealers may submit competitive bids at auctions. Only Primary Dealers and, under certain conditions, the NBB, the *Fonds monétaire / Muntfonds*, the *Caisse des Dépôts et Consignations / Deposito- en Consignatiekas* and the *Fonds des Rentes / Rentenfond*s may submit non-competitive bids. In the event the Kingdom issues OLO tranches for subscription by investors as defined in Article 1§1 of the Royal Decree dated 16 October 1997, such OLOs will also be subscribed for through non-competitive bids by a panel of “placing institutions”.

Issue Procedures

OLOs may be issued under a number of defined procedures. The most important of these are competitive auctions, non-competitive bids, exchange offers and underwritten issues.

CLEARING AND SETTLEMENT

Issue and Settlement

The OLO 61s will be cleared and settled in the clearing system operated by the National Bank of Belgium (the “**NBB System**”) and Euroclear Bank SA/NV (“**Euroclear**”) or Clearstream Banking SA (“**Clearstream, Luxembourg**”). Settlement will take place on a “delivery versus payment” basis in accordance with the current NBB System, Euroclear or Clearstream, Luxembourg procedures. OLOs will be settled on January 25, 2011.

The OLO 61s will be created in the account of the Kingdom with the NBB System on 25 January 2011. The Kingdom will procure that the NBB System credits on the same day the OLO 61s from the Kingdom’s account with the NBB System to the account of Fortis Bank SA/NV with the NBB System on a “delivery versus payment” basis. On the same day and in accordance with the normal operating procedures of Euroclear or Clearstream Luxembourg, Fortis Bank SA/NV will deliver the OLO 61s to The Royal Bank of Scotland, on a delivery versus payment basis. The Royal Bank of Scotland will then deliver, against payment by the Managers, the OLO 61s on the accounts specified by the Managers.

Book-Entry

The OLO 61s will be held in book-entry form in the securities accounts of the NBB System. Access to the NBB System is available through those of its participants whose membership extends to securities such as the OLO 61s (“**Participants**”). Direct Participants include Euroclear and Clearstream, Luxembourg.

Transfer of Interests in the OLO 61s

Transfers between Participants will be effected in accordance with the rules and operating procedures of the NBB System. Transfers between investors will be effected in accordance with the respective rules and operating procedures of the direct or indirect Participants through whom they have elected to hold their OLO 61s, including Euroclear and Clearstream, Luxembourg.

The Kingdom will not have any responsibility for the performance by the NBB System or its Participants of their obligations under their respective rules and operating procedures.

BELGIAN TAXATION ON THE OLO 61s

Taxation of the OLO 61s will be governed by the Belgian tax regime specified by the law of 6 August 1993 concerning transactions in certain bonds (*Loi du 6 août 1993 relative aux opérations sur certaines valeurs / Wet van 6 augustus 1993 betreffende de transacties met bepaalde effecten*) and the Royal Decree of 26 May 1994 on the deduction of withholding tax (*Arrêté royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier conformément au chapitre Ier de la loi du 6 août 1993 relative aux opérations sur certaines valeurs mobilières / Koninklijk besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing overeenkomstig hoofdstuk I van de wet van 6 augustus 1993 betreffende de transacties met bepaalde effecten*), each as amended, known as the “X / N regime”.

It will also be governed by article 338bis of the Belgian Income Tax Code (*Code des Impôts sur les revenus 1992 / Wetboek van de Inkomstenbelastingen 1992*) (the “**Tax Code**”) introduced by the law of 17 May 2004 transposing Council Directive 2003/48/EC on taxation of savings income in the form of interest payments into Belgian law and modifying the Belgian Income Tax Code of 1992 with respect to withholding tax, together with its implementing decrees, in particular the Royal Decrees of 27 September 2009.

Withholding Tax

All payments by or on behalf of the Kingdom of principal and interest on the OLO 61s will be made without deduction of Belgian withholding tax for the OLO 61s held by certain eligible investors (the “**Eligible Investors**”) in an exempt securities account (an “**Exempt Account**”) with the NBB System or with a Participant. Otherwise, withholding tax will be applicable to the OLO 61s at the rate of 15 per cent on the gross amount of interest.

Eligible Investors are those entities referred to in Article 4 of the Royal Decree of 26 May 1994 which include, among others, (i) all investors who are not residents of the Kingdom for Belgian tax purposes (provided in the case of non-resident collective investment schemes which are not separate legal entities that their units have not been and are not issued publicly – and are not commercialised – in the Kingdom, and provided in the case of non-resident investors who are individuals or non-profit organisations that they have not allocated the OLO 61s to the exercise of a professional activity in Belgium) and (ii) all Belgian resident corporate investors validly formed as separate legal entities and subject to corporation tax, including Belgian SICAVs / BEVEKs.

Eligible Investors do not include, among others, Belgian resident investors who are individuals or certain non-profit making organisations.

Upon opening of an Exempt Account with the NBB System or with a Participant, an Eligible Investor is required to provide a statement of its eligible status in a form approved by the Minister of Finance. There are no ongoing declaration requirements for Eligible Investors (except in case of any change in the information contained in the aforesaid statement). However, Participants are required to make annual declarations to the NBB System as to the eligible status of each investor for whom they hold the OLO 61s in an Exempt Account.

Such documentary requirements do not apply to the OLO 61s held by Eligible Investors in a securities account with Euroclear, Clearstream, Luxembourg or any intermediary which is a participant in Euroclear or Clearstream, Luxembourg and is not established in the Kingdom, provided that these institutions administer

only Exempt Accounts and are able to identify the holders of such accounts. Euroclear and Clearstream, Luxembourg hold Exempt Accounts in NBB and payments of principal and interest on the OLO 61s to holders of such accounts will, therefore, be paid without deduction of Belgian withholding tax.

Stripped OLO 61s (principal and coupon strips) may be held only by Eligible Investors in an Exempt Account but the law of 5 December 2004 amending the law of 6 August 1993 concerning transactions in certain bonds (*Loi du 6 août 1993 relative aux opérations sur certaines valeurs / Wet van 6 augustus 1993 betreffende de transacties met bepaalde effecten*) permits the holding of principal strips of OLO lines issued after 1 January 2004 by others than Eligible Investors if the relevant OLO line is so designated by the King.

Capital Gains and Income tax

Investors who are not residents of the Kingdom for Belgian tax purposes and are not holding the OLO 61s through a Belgian establishment (*établissement belge / Belgische inrichting*) within the meaning of Article 229 of the Tax Code and do not conduct professional activities in the Kingdom as defined in Article 228, paragraph 2, sub-paragraph 4 of the Tax Code will not incur or become liable for any Belgian tax on income or capital gains or other like taxes by reason only of the acquisition, ownership or disposal of the OLO 61s provided that they hold their OLO 61s in an Exempt Account.

Transfer Tax

The acquisition or disposal of the OLO 61s is not subject to any Belgian stamp, value added, stock exchange or other transfer tax.

EU SAVINGS DIRECTIVE

On 3 June 2003 the Council of the European Union adopted Council Directive 2003/48/EC on taxation of savings income in the form of interest payments. The Directive was amended by Council Decision of 19 July 2004 (2004/587/EC), and entered into effect on 1 July 2005.

Under this Directive the competent authority of each EU Member State is required to systematically report to the competent authority of another Member State details of payments of interest (or other similar income) paid by a qualifying paying agent within its jurisdiction to an individual resident in such other Member State. The Directive allowed, however, that during a transitional period Belgium, Luxembourg and Austria would be exempted from such reporting obligation and were instead authorised to apply a specific withholding tax on such interest payments, except where the individual resident in the other Member State requests an exemption in accordance with the procedure to be provided for in this respect by Austria, Belgium and Luxembourg in line with the procedures described in the Directive. During the first three years of the transitional period, the relevant withholding tax was set at a rate of 15 %. Currently it amounts to 20 % and as of 1 July 2011 it will be set at a rate of 35 %. The relevant Member States retain 25 % of the tax so withheld and transfer 75 % of the revenue to the Member State of residence of the beneficial owner of the interest.

The Directive was initially transposed into Belgian law with effect as of 1 July 2005, by the law of 17 May 2004 and its implementing Royal Decree of 26 March 2005, each as amended. Pursuant thereto, a specific withholding tax called "Residence State Levy" (*Prélèvement pour l'Etat de résidence / Woonstaatheffing*) was levied during the aforesaid transitional period, at the rates specified above, on any payment of qualifying interest made by a paying agent established in Belgium to an individual (beneficial owner of such interest)

resident in another EU Member State or in certain Third States, except if such individual provided a certificate to the paying agent drawn up in his name by the competent authority of his Member State of residence for tax purposes setting out the information required by article 13, paragraph 2 of the Directive.

With effect from 1 January 2010, Belgium abandoned the system of “Residence State Levy” and switched to the general system of exchange of information. Based on article 338bis of the Tax Code and its implementing Royal Decrees of 27 September 2009, a paying agent established in Belgium making any payment of interest under the OLO 61s to an individual (beneficial owner) resident in another EU Member State or in certain Third countries (with whom Belgium or the European Union has a treaty containing a reciprocity obligation) will be required to notify certain data to the Belgian tax authorities competent for the tax assessments, and these tax authorities will in turn automatically exchange this information with the competent tax authorities of the resident state of the recipient-beneficial owner.

U.S. TAXATION ON THE OLO 61s

Prospective U.S. purchasers of OLO 61s are advised to consult with their tax advisors as to the U.S. income tax implications of acquiring, owning and disposing of the OLO 61s.
