(c) *Screen Rate Determination*: If Screen Rate Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

(i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:

(A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and

(B) determine the arithmetic mean of such quotations; and

(iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time, and the Rate of Interest for such Interest Period shall be the sum of the Margin and the rate or (as the case may be) the arithmetic mean so determined; provided, however, that if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the sum of the Margin and the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period.

(d) *ISDA Determination*: If ISDA Determination is specified in the relevant Pricing Supplement as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the sum of the Margin and the relevant ISDA Rate where “ISDA Rate” in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

(i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Pricing Supplement;

(ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Pricing Supplement; and

(h) *Calculation of other amounts*: If the relevant Pricing Supplement specifies that any other amount is to be calculated by the Calculation Agent, the Calculation Agent will, as soon as practicable after the time or times at which any such amount is to be determined, calculate the relevant amount. The relevant amount will be calculated by the Calculation Agent in the manner specified in the relevant Pricing Supplement.

(i) *Publication*: The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agent and each listing authority, stock exchange, regulated market and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period.

(j) *Notifications etc.*: All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agent, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Paying Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(c) *U.S. Dollar Equivalent*: This paragraph applies to Notes denominated in Renminbi. Upon the determination that a condition of Inconvertibility, Non-transferability or Illiquidity prevails, the Kingdom shall promptly notify the Paying Agent and the Holders thereof of such determination. Any payment made in the U.S. Dollar Equivalent of a Renminbi amount under this paragraph will constitute valid payment, and will not constitute a default in respect of the Notes denominated in Renminbi.

For the purposes of this paragraph, "**U.S. Dollar Equivalent**" of a Renminbi amount means the relevant Renminbi amount converted into U.S. dollars using the Spot Rate for the relevant Rate Calculation Date as determined by the Paying Agent at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date. - (iii) "**Inconvertibility**" means that the Kingdom determines (in good faith and in a commercially reasonable manner) that it is impossible or, having used its reasonable endeavours, impracticable, for it to convert any amount due in respect of Notes denominated in Renminbi in the general Renminbi exchange market in Hong Kong, other than where such impossibility or impracticability is due solely to the failure of the Kingdom to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the issue date of the relevant Notes denominated in Renminbi and it is impossible or, having used its reasonable endeavours, impracticable for the Kingdom, due to an event beyond its control, to comply with such law, rule or regulation);

- (iv) "**Non-transferability**" means that the Kingdom determines (in good faith and in a commercially reasonable manner) that it is impossible or, having used its reasonable endeavours, impracticable, for it to deliver Renminbi (i) between accounts inside Hong Kong or (ii) from an account outside Hong Kong to an account inside Hong Kong, other than where such impossibility or impracticability is due solely to the failure of the Kingdom to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation is enacted after the issue date of the relevant Notes denominated in Renminbi and it is impossible or, having used its reasonable endeavours, impracticable for the Kingdom due to an event beyond its control, to comply with such law, rule or regulation);
- (v) "**PRC**" means the People's Republic of China;

- (vii) "**Rate Calculation Date**" means the day which is two Rate Calculation Business Days before the due date of the relevant amount under these Conditions;
- (viii) "**Renminbi**" or "**CNY**" means the official currency of the People's Republic of China;

If neither rate is available, the Paying Agent will determine the spot rate at or around 11.00 a.m. (Hong Kong time) on the Rate Calculation Date as the most recently available USD/CNY official fixing rate for settlement on the due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuter Monitor Money Rates Service (or any successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 11(c) by the Paying Agent, will (in the absence of wilful default, bad faith or manifest error) be binding on the Kingdom and the holders of any Notes.

(e) *Payments subject to fiscal laws*: All payments in respect of the Notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment (see however also the section "*Taxation*"). 12. No Gross-up

All payments of principal and interest by the Kingdom in respect of the Notes shall be made free and clear of, and without withholding or deduction for or on account of, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within the Kingdom or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In that event, the Noteholders will not be entitled to receive grossed-up amounts to compensate for such withholding or deduction, nor be reimbursed for the amount of any shortfall.

13. Events of Default

(a) *Declaration of Acceleration*: If any of the following events occurs and is continuing (an *Event of Default*):

(i) *Non-payment*: the Issuer fails to pay any amount of principal in respect of the Notes within 30 days of the due date for payment thereof or fails to pay any amount of interest in respect of the Notes within 30 days of the due date for payment thereof; or

(ii) *Breach of other obligations*: the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the Notes and such default remains unremedied for 90 days after written notice thereof, addressed to the Issuer by any Noteholder, has been delivered to the Issuer or to the Specified Office of the Paying Agent,

then the holder of any Note in respect of which an Event of Default has occurred and is continuing may give written notice to the Issuer at the Specified Office of the Paying Agent, that such Note is immediately repayable, at its principal amount together with any accrued interest (if any) to the date of payment without further penalty.

(b) *Rescission of Declaration of Acceleration*: If the Issuer receives notice in writing from a Noteholder that the Event of Default or Events of Default giving rise to the above mentioned declaration of acceleration is or are cured following any such declaration and that such holder requests the Issuer to rescind the relevant declaration, the Issuer shall, by notice in writing to that Noteholder (with a copy to the Paying Agent), rescind the relevant declaration whereupon it shall be rescinded and shall have no further effect. (i) *Manifest error, technical amendments*

Notwithstanding anything to the contrary herein, the terms and conditions of a series of Notes (including the Pricing Supplement(s) relating to such series of Notes) may be modified by the Kingdom without the consent of Noteholders of such series:

- (i) to correct a manifest error or cure an ambiguity; or
- (ii) if the modification is of a formal or technical nature or for the benefit of Noteholders of such series.

The Kingdom will publish the details of any modification of the Notes made pursuant to this Condition 14(i) within ten days of the modification becoming legally effective.

(j) *Outstanding Notes; Notes controlled by the Kingdom*

In determining whether holders of the requisite principal amount of outstanding Notes in a series have voted in favour of a proposed modification or whether a quorum is present at any meeting of Noteholders called to vote on a proposed modification, a Note will be deemed to be not outstanding, and may not be voted for or against a proposed modification or counted in determining whether a quorum is present, if on the record date for the proposed modification:

- (i) the Note has previously been cancelled or delivered for cancellation or held for reissuance but not reissued;

 - A. the holder of a Note for these purposes is the entity legally entitled to vote the Note for or against a proposed modification or, if different, the entity whose consent or instruction is by contract required, directly or indirectly, for the legally entitled holder to vote the Note for or against a proposed modification;
 - B. a corporation, trust or other legal entity is controlled by the Kingdom or by a department, ministry or agency of the Kingdom if the Kingdom or any department, ministry or agency of the Kingdom has the power, directly or indirectly, through the ownership of voting securities or other ownership interests, by contract or otherwise, to direct the management of or elect or appoint a majority of the board of directors or other persons performing similar functions in lieu of, or in addition to, the board of directors of that legal entity; and
 - C. the holder of a Note has autonomy of decision if, under applicable law, rules or regulations and independent of any direct or indirect obligation the holder may have in relation to the Kingdom: (x) the holder may not, directly or indirectly, take instruction from the Kingdom on how to vote on a proposed modification; or (y) the holder, in determining how to vote on a proposed modification, is required to act in accordance with an objective prudential standard, in the interest of all of its stakeholders or in the holder's own interest; or (z) the holder owes a fiduciary or similar duty to vote on a proposed modification in the interest of one or more persons other than a person whose holdings of Notes (if that person then held any Notes) would be deemed to be not outstanding under this Condition 14(j).

15. Paying Agent and Calculation Agent

With respect to the payment of the Notes, the Paying Agent acts solely as agent of the Issuer and does not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders. The initial Calculation Agent (if any) is specified in the relevant Pricing Supplement. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor Calculation Agent, provided, however, that:

- (i) if a Calculation Agent is specified in the relevant Pricing Supplement, the Issuer shall at all times maintain a Calculation Agent; and
- (ii) if and for so long as the Notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange, regulated market and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its specified office in the place required by the rules of such listing authority, stock exchange, regulated market and/or quotation system. Notice of any change of the Paying Agent or of the Specified Office of the Paying Agent shall promptly be given to the Noteholders.

16. Further Issues and Consolidation

(a) *Further Issues:* The Issuer may from time to time without the consent of the Noteholders create and issue further notes having the same terms and conditions as the Notes (so that, for the avoidance of doubt, references in the conditions of such notes to “**Issue Date**” shall be to the first issue date of the Notes) and so that the same shall be consolidated and form a single series with such Notes, and references in these Conditions to “**Notes**” shall be construed accordingly.

(b) *Consolidation:* The Issuer may, from time to time on any Interest Payment Date occurring on or after the date on which Notes are redenominated in euro in accordance with the specifications made in the relevant Pricing Supplement (hereinafter the ***Redenomination Date***) on giving not less than 30 days' prior notice to the Noteholders in accordance with Condition 17, without the consent of the Noteholders, consolidate the Notes of

one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in euro, provided such other Notes have been redenominated in euro (if not originally denominated in euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

17. Notices

(a) *General*: Notices to Noteholders will be deemed to be validly given if delivered by or on behalf of the Kingdom to the NBB-SSS for communication by it to the participants of the NBB-SSS and will be deemed to have been validly given three (3) days after its delivery to the NBB-SSS. With respect to the Notes admitted to listing and trading on the regulated market of the Luxembourg Stock Exchange, any notices to Noteholders must also be published in a Luxembourg daily newspaper if required by the Luxembourg Stock Exchange and, notwithstanding the foregoing, will be deemed validly given only after the date of such publication.

(b) *Option Notices*: (i) If the Call Option is specified in the relevant Pricing Supplement as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so specified in the relevant Pricing Supplement, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving not less than 30 nor more than 45 days' notice to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

(ii) If the Put Option is specified in the relevant Pricing Supplement as being applicable, the Issuer shall, at the option of the holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise this option, the holder of a Note must, not less than 45 nor more than 60 days before the relevant Optional Redemption Date (Put), deposit with the Paying Agent a duly completed Put Option Notice in the form obtainable from the Paying Agent. Upon duly completing such Put Option Notice no Note may be withdrawn; provided, however, that if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the Noteholder (depositing the Put Option Notice) at such address as may have been given by such Noteholder in the relevant Put Option Notice.

18. Currency Indemnity

If any sum due from the Issuer in respect of the Notes or any order or judgment given or made in relation thereto has to be converted from the currency (the *first currency*) in which the same is payable under these Conditions or such order or judgment into another currency (the *second currency*) for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal or (c) enforcing any order or judgment given or made in relation to the Notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Paying Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the first currency into the second currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the first currency with the second currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

19. Rounding

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these conditions or the relevant Pricing Supplement), all percentages resulting from such calculations will be rounded, if necessary, up or down to the nearest fifth decimal place. If the sixth decimal place is equal to five, the fifth decimal place shall be rounded up.

20. Governing Law and Jurisdiction

(a) *Governing law*: The Notes and all matters arising from or connected with the Notes are governed by, and shall be construed in accordance with, Belgian law.

(b) *Waiver of immunity*: (i) The Kingdom irrevocably and generally consents in respect of any suit, action or proceedings arising out of or in connection with this Programme to the giving of any relief or the issue of any process in connection with those proceedings including, without limitation, the making, enforcement or

execution against any assets whatsoever (irrespective of their use or intended use) of any order or judgment which may be made or given in those proceedings (except that the obligations of the Kingdom may not be subject to enforcement by way of attachment, seizure, garnishment or any other compulsory enforcement against its properties or assets located within the Kingdom of Belgium except if these properties or assets are manifestly of no use to the performance of the public service duties of the Kingdom or for the continuity of any public service).

(ii) Subject to the exception in paragraph (i) above, the Kingdom irrevocably agrees not to claim and waives in connection with any proceedings which may be commenced in any of such courts with respect to this Programme, any immunity which it might be entitled to claim for itself or which might be attributed to it (whether on grounds of sovereignty or otherwise) from suit, from the jurisdiction of such courts, from attachment prior to judgment, from set-off (to the fullest extent permitted by applicable law), from attachment in aid of execution of a judgment or from execution of a judgment or from the giving of any other relief or issue of any process.

(c) *Jurisdiction*: The Issuer irrevocably submits any disputes in relation to contractual and non-contractual obligations which may arise out of or in connection with the Notes to the exclusive jurisdiction of the courts of Brussels, Belgium.

21. Prescription

TAXATION

The following summary is a general description of certain Belgian tax considerations relating to the Notes and is included herein solely for information purposes. It does not purport to be a complete analysis of all tax considerations relating thereto. This summary does not describe the tax treatment of investors that are subject to special rules, such as banks, insurance companies, or collective investment undertakings.

This summary is based upon the laws and regulations in Belgium, respectively as in effect on the date of this Offering Circular and is subject to any change in law that may take effect after such date (or even before, if with retroactive effect). Investors should appreciate that, as a result of changing law or practice, the tax consequences may be otherwise than as stated below. Prospective purchasers should consult their own tax advisers as to the consequences under the tax laws of their countries of citizenship, residence, ordinary residence or domicile and the tax laws of Belgium of acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts thereunder.

Withholding Tax

For Belgian tax purposes, "interest" means the periodic interest income, any amount paid by the Kingdom in excess of the issue price (whether or not on the maturity date) and, in case of a realisation of the Notes between two interest payment dates, the pro rata of accrued interest corresponding to the detention period.

Under current Belgian withholding tax legislation, payments of interest are subject to Belgian withholding tax on the gross amount of the interest, currently at the rate of 27%.

However, payments of interest and principal under the Notes by or on behalf of the Kingdom may be made without deduction of withholding tax in respect of the Notes if and as long as at the moment of payment or attribution of interest they are held by certain eligible investors (the "**Eligible Investor**", see hereinafter) in an exempt securities account (an "**X Account**") that has been opened with a financial institution that is a direct or indirect participant (a "**Participant**") in the NBB-SSS. Euroclear and Clearstream, Luxembourg are Participants for this purpose.

Holding the Notes through the NBB-SSS enables Eligible Investors to receive the gross interest income on their Notes and to transfer the Notes on a gross basis.

Participants to the NBB-SSS must enter the Notes which they hold on behalf of Eligible Investors in an X Account.

Eligible Investors are those entities referred to in article 4 of the Belgian Royal Decree of 26 May 1994 on the deduction of withholding tax (*Arrêté royal du 26 mai 1994 relatif à la perception et à la bonification du précompte mobilier/Koninklijk besluit van 26 mei 1994 over de inhouding en de vergoeding van de roerende voorheffing*) which include, inter alia:

- (a) Belgian resident companies referred to in article 2, § 1, 5°, b) of the Belgian Income Tax Code of 1992 (*wetboek van inkomstenbelastingen 1992/code des impôts sur les revenus 1992*) ("**BITC**");
- (b) institutions, associations or companies specified in article 2, §3 of the law of 9 July 1975 on the control of insurance companies other than those referred to in 1° and 3° subject to the application of article 262, 1° and 5° of the BITC;
- (c) state regulated institutions (*institutions parastatales / parastatalen*) for social security, or institutions which are assimilated therewith, provided for in article 105, 2° of the Royal Decree implementing the Belgian Income Tax Code 1992 (*Arrêté royal d'exécution du code des impôts sur les revenus 1992 / Koninklijk besluit tot uitvoering van het wetboek inkomsten belastingen 1992*);
- (d) non-resident investors provided for in article 105, 5° of the same decree;
- (e) investment funds, recognised in the framework of pension savings, provided for in article 115 of the same decree;
- (f) tax payers provided for in article 227, 2° of the BITC which have used the income generating capital for the exercise of their professional activities in Belgium and which are subject to non-resident income tax pursuant to article 233 of the same code;
- (g) the Belgian State in respect of investments which are exempt from withholding tax in accordance with article 265 of the BITC;

- (h) investment funds governed by foreign law which are an indivisible estate managed by a management company for the account of the participants, provided the fund units are not offered publicly in Belgium or traded in Belgium; and
- (i) Belgian resident corporations, not provided for under (a), when their activities exclusively or principally consist of the granting of credits and loans.

Eligible Investors do not include, inter alia, Belgian resident Investors who are individuals or non-profit making organisations, other than those mentioned under (b) and (c) above.

Participants to the NBB-SSS must keep the Notes which they hold on behalf of the non-Eligible Investors in a non-exempt securities account (an "**N Account**"). In such instance all payments of interest are subject to the 27 per cent. withholding tax. This withholding tax is withheld by the NBB and paid to the Belgian General Administration of Taxation.

Transfers of Notes between an X Account and an N Account give rise to certain adjustment payments on account of withholding tax:

- A transfer from an N Account to an X Account gives rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date;
- A transfer from an X Account to an N Account gives rise to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date;
- Transfers of Notes between two X Accounts do not give rise to any adjustment on account of withholding tax; and
- Transfers of Notes between two N Accounts give rise to the payment by the transferor non-Eligible Investor to the NBB of withholding tax on the accrued fraction of interest calculated from the last interest payment date up to the transfer date, and to the refund by the NBB to the transferee non-Eligible Investor of withholding tax on the same interest amount.

Upon opening of a X Account with the NBB-SSS or with a Participant, an Eligible Investor is required to provide a statement of its eligible status in a form approved by the Minister of Finance of the Kingdom. There are no ongoing declaration requirements for Eligible Investors (except in case of any change in the information contained in the aforesaid statement). However, Participants are required to make annual declarations to the NBB-SSS as to the eligible status of each investor for whom they hold the Notes in an Exempt Account.

Such documentary requirements do not apply to the Notes held by Eligible Investors in a securities account with Euroclear, Clearstream, Luxembourg or any intermediary which is a participant in Euroclear or Clearstream, Luxembourg and is not established in the Kingdom, provided that these institutions administer only Exempt Accounts and are able to identify the holders of such accounts.

Capital Gains and Income tax

Belgian Resident Individuals

For individuals who are Belgian residents for tax purposes, i.e., who are subject to the Belgian personal income tax (*Personenbelasting / Impôt des personnes physiques*) and who hold the Notes as a private investment, payment of the 27 per cent. withholding tax fully discharges them from their personal income tax liability with respect to these interest payments (*précompte mobilier libératoire / bevrijdende roerende voorheffing*). This means that they do not have to declare the interest obtained on the Notes in their personal income tax return, provided withholding tax was levied on these interest payments.

Belgian resident individuals may nevertheless elect to declare the interest in their personal income tax return. Where the beneficiary opts to declare them, interest payments will normally be taxed at the interest withholding tax of 27 per cent. (or at the progressive personal tax rates taking into account the taxpayer's other declared income, whichever is lower). If the interest payment is declared, the withholding tax retained by the NBB may be credited.

Belgian resident individuals are not liable to income tax on capital gains realised upon the disposal of the Notes, unless the capital gains are realised outside the scope of the normal management of their private estate or unless

the capital gains qualify as interest (as defined above in the section “Withholding Tax”). Capital losses realised upon the disposal of the Notes held as non-professional investment are in principle not tax deductible.

Other tax rules apply to Belgian resident individuals who do not hold the Notes as a private investment.

Belgian Resident Corporations

Holders of Notes that are residents of Belgium and subject to the Belgian ordinary corporate income tax regime, are liable to corporate income tax on the income of the Notes and capital gains realised upon the disposal of the Notes. Capital losses realised upon the disposal of the Notes are generally tax deductible.

Belgian Resident Legal Entities

For holders of Notes that are residents of Belgium and subject to Belgian legal entities income tax, the 27% withholding tax on interest will constitute the final tax in their hands. If no withholding tax was levied due to the fact that they hold the Notes through an X-Account in the NBB-SSS, they will have to declare such interest and pay spontaneously the applicable withholding tax to the General Administration of Taxation.

Belgian legal entities are not liable to income tax on capital gains realised upon the disposal of the Notes unless the capital gains qualify as interest (as defined above in the section “Withholding Tax”). Capital losses are in principle not tax deductible.

Organisations for Financing Pensions

Interest and capital gains derived by Organisations for Financing Pensions in the meaning of the Law of 27 October 2006 on the activities and supervision of institutions for occupational retirement provision, are in principle exempt from Belgian corporate income tax. Capital losses are in principle not tax deductible. Subject to certain conditions, any Belgian withholding tax that has been levied can be credited against any corporate income tax due and any excess amount is in principle refundable.

Non-Residents of Belgium

Investors who are not residents of the Kingdom for Belgian tax purposes and are not holding the Notes through a Belgian establishment (*établissement belge / Belgische inrichting*) within the meaning of Article 229 of the Belgian income tax code 1992 (*Code des Impôts sur les revenus 1992 / Wetboek van de Inkomstenbelastingen 1992*) (the **Tax Code**) and do not conduct professional activities in the Kingdom as defined in Article 228, paragraph 2, sub-paragraph 4 of the Tax Code will not incur or become liable for any Belgian tax on income or capital gains or other like taxes by reason only of the acquisition, ownership or disposal of the Notes provided that they hold their Notes in an Exempt Account.

Transfer Tax

The acquisition or disposal of the Notes is not subject to any Belgian stamp, value added or other transfer tax, save that a tax on stock exchange transactions (*taxe sur les opérations de bourse / beurstaks*) will be levied on the purchase and sale and any other transaction for consideration of the Notes (secondary market) in Belgium through a professional intermediary. The tax is due by both seller and purchaser at the rate of 0,09% with a maximum amount of 650 euro per transaction and per party. The tax is collected by the professional intermediary. However the tax on stock exchange transactions will not be payable by exempt persons acting for their own account including investors who are not Belgian residents, provided they deliver an affidavit to the financial intermediary in Belgium confirming their non-resident status, and certain Belgian institutional investors as defined in Article 126.1 2° of the code of various duties and taxes (*Code des droits et taxes divers / Wetboek diverse rechten en taksen*).

Common Reporting Standard

The exchange of information is governed by the Common Reporting Standard (“**CRS**”).

On 29 October 2014, 51 jurisdictions signed the multilateral competent authority agreement (MCAA), which is a multilateral framework agreement to automatically exchange financial and personal information, with the subsequent bilateral exchanges coming into effect between those signatories that file the subsequent notifications.

More than 40 jurisdictions have committed to a specific and ambitious timetable leading to the first automatic information exchanges in 2017 (“early adopters”).

Under CRS, financial institutions resident in a CRS country is required to report, according to a due diligence standard, financial information with respect to reportable accounts, which includes interest, dividends, account

balance or value, income from certain insurance products, sales proceeds from financial assets and other income generated with respect to assets held in the account or payments made with respect to the account. Reportable accounts include accounts held by individuals and entities (which includes trusts and foundations) with fiscal residence in another CRS country. The standard includes a requirement to look through passive entities to report on the relevant controlling persons.

On 9 December 2014, EU Member States adopted Directive 2014/107/EU on administrative cooperation in direct taxation ("**DAC2**"), which provides for mandatory automatic exchange of financial information as foreseen in CRS. DAC2 amends the previous Directive on administrative cooperation in direct taxation, Directive 2011/16/EU and replaces the EC Council Directive 2003/48/EC on the taxation of savings income (commonly referred to as the "**Savings Directive**"). Austria has been nonetheless allowed to exchange information under DAC 2 as from 1 January 2017.

Belgium has transposed DAC 2 and CRS into the law of 16 December 2015.

Investors who are in any doubt as to their position should consult their professional advisers.

The Notes may be sold from time to time by the Kingdom to one or more Dealers as specified in the relevant Pricing Supplement. The arrangements under which any Series of Notes may from time to time be agreed to be sold by the Kingdom to, and purchased by, Dealers are set out in a subscription agreement entered into between the Kingdom and the Dealers (a **Subscription Agreement**). Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Kingdom in respect of such purchase. CLEARING AND SETTLEMENT OF THE NOTES

General

The Notes will be created, in the Securities Settlement System operated by the National Bank of Belgium (the **NBB-SSS**) and cleared and settled in the NBB-SSS, Euroclear or Clearstream, Luxembourg. Notes may be cleared through the NBB-SSS only if they are accessible to both X- and N-accountholders under the X / N regime.

Settlement will take place on a “delivery versus payment” basis in accordance with the current NBB-SSS. In general Notes are settled on a T+2 basis but may have a shorter or longer settlement period depending on the conventions of the market into which they are offered. The appropriate common code(s) and the International Securities Identification Number(s) in relation to the Notes of each Series of Notes will be specified in the Pricing Supplement relating thereto. The relevant Pricing Supplement shall specify any other clearing system as shall have accepted the relevant Notes for clearance together with any further appropriate information.

NBB to act as Paying Agent in accordance with Belgian law

The NBB is appointed by law as Paying Agent to represent the Kingdom in the NBB-SSS and takes on the financial service for each successive issue of Notes. No Clearing Services Agreement needs to be signed prior to any particular issuance of Notes.

Clearing and settlement of the Notes denominated in euro

The Notes will be created, cleared and settled in the NBB-SSS.

Settlement will take place on a “delivery versus payment” basis in accordance with the current NBB-SSS. In general Notes are settled on a T+2 basis.

The Notes will be created in the account of the Kingdom with the NBB-SSS on the issue date and will be transferred on the same day from the Kingdom’s account with the NBB-SSS to the account of the Dealer with the NBB-SSS on a “delivery versus payment” basis (i.e. against payment by the Dealer of the subscription funds into the account of the Kingdom with the NBB-SSS). The notes created in the NBB-SSS may be delivered on the issue date to an account with Euroclear or Clearstream in accordance with the current Euroclear or Clearstream procedures.

Clearing and settlement of the Notes in foreign currencies

The Notes will be created in the account of the Kingdom with the NBB-SSS on the issue date and will be transferred on the same day, free of payment, to the Euroclear account with the NBB-SSS. Following this transfer, Euroclear will credit the Notes to the account held by the Kingdom with Euroclear. The Notes will be transferred from the Kingdom’s account at Euroclear to the account held by the Dealer with Euroclear or Clearstream in accordance with the current Euroclear procedures, on a “delivery versus payment” basis (i.e. against payment by the Dealer in Euroclear or Clearstream of the subscription funds into the account of the Kingdom at Euroclear).

The clearing and settlement procedure described for the issue of notes denominated in foreign currencies can be used for the issues of notes denominated in euro as far as the counterparty has requested it expressly.

Transfer of Interests in the Notes

Transfers between Participants will be effected in accordance with the rules and operating procedures of the NBB-SSS and Euroclear or Clearstream, Luxembourg.

The Kingdom will not have any responsibility for the performance by the NBB-SSS or its Participants of their obligations under their respective rules and operating procedures.

- (x) change the principal amount of outstanding Notes or, in the case of a cross-series modification, the principal amount of debt securities of any other series required to approve a proposed modification in relation to the Notes, the principal amount of outstanding Notes required for a quorum to be present, or the rules for determining whether a Note is outstanding for these purposes; or
- (xi) change the definition of a reserved matter,

and has the same meaning in relation to the debt securities of any other series save that any of the foregoing references to the Notes shall be read as references to such other debt securities.

- (i) “**non-reserved matter**” in relation to a series of Notes means any matter other than a reserved matter.
- (j) “**holder**” in relation to a Note in dematerialised form means the person the Issuer is entitled to treat as the legal holder of the Note, in relation to a Note in registered form means the person in whose name the Note is registered in the ledger of the public debt of the Kingdom, and in relation to any other debt security means the person the Issuer is entitled to treat as the legal holder of the debt security under the law governing that debt security.
- (k) “**record date**” in relation to any proposed modification means the date fixed by the Issuer for determining the holders of Notes and, in the case of a cross-series modification, the holders of debt securities of each other series that are entitled to vote on or sign a written resolution in relation to the proposed modification.

2 Modification of Notes

2.1 Reserved Matter Modification. The terms and conditions of a series of Notes (including the Pricing Supplement(s) relating to such series of Notes) may be modified in relation to a reserved matter with the consent of the Issuer and:

- (a) the affirmative vote of a holder or holders of not less than 75% of the aggregate principal amount of the outstanding Notes in such series represented at a duly called meeting of Noteholders; or
- (b) a written resolution signed by or on behalf of a holder or holders of not less than 66 2/3% of the aggregate principal amount of the Notes then outstanding in such series.

2.2 Cross-Series Modification. In the case of a cross-series modification, the terms and conditions of a series of Notes and debt securities of any other series, including, where applicable, any relevant Pricing Supplement(s), may be modified in relation to a reserved matter with the consent of the Issuer and:

- (a)(i) the affirmative vote of not less than 75% of the aggregate principal amount of the outstanding debt securities represented at separate duly called meetings of the holders of the debt securities of all the series (taken in the aggregate) that would be affected by the proposed modification; or
- (a)(ii) a written resolution signed by or on behalf of the holder(s) of not less than 66 2/3% of the aggregate principal amount of the outstanding debt securities of all the series (taken in the aggregate) that would be affected by the proposed modification;

and

- (b)(i) the affirmative vote of more than 66 2/3% of the aggregate principal amount of the outstanding debt securities represented at separate duly called meetings of the holders of each series of debt securities (taken individually) that would be affected by the proposed modification; or
- (b)(ii) a written resolution signed by or on behalf of the holder(s) of more than 50% of the aggregate principal amount of the then outstanding debt securities of each series (taken individually) that would be affected by the proposed modification.

A separate meeting will be called and held, or a separate written resolution signed, in relation to the proposed modification of the affected series of Notes and the proposed modification of each other affected series of debt securities.

- 2.3** Proposed Cross-Series Modification. A proposed cross-series modification may include one or more proposed alternative modifications of the terms and conditions of each affected series of debt securities or, where applicable, of the Pricing Supplement(s), provided that all such proposed alternative modifications are addressed to and may be accepted by any holder of any debt security of any affected series.
- 2.4** Partial Cross-Series Modification. If a proposed cross-series modification is not approved in relation to a reserved matter in accordance with Section 2.2, but would have been so approved if the proposed modification had involved only a series of Notes and one or more, but less than all, of the other series of debt securities affected by the proposed modification, that cross-series modification will be deemed to have been approved, notwithstanding Section 2.2, in relation to such series of Notes and debt securities of each other series whose modification would have been approved in accordance with Section 2.2 if the proposed modification had involved only such series of Notes and debt securities of such other series, provided that:
- (a) prior to the record date for the proposed cross-series modification, the Issuer has publicly notified holders of the Notes of such series and other affected debt securities of the conditions under which the proposed cross-series modification will be deemed to have been approved if it is approved in the manner described above in relation to such series of Notes and some but not all of the other affected series of debt securities; and
 - (b) those conditions are satisfied in connection with the proposed cross-series modification.
- 2.5** Non-Reserved Matter Modification. The terms and conditions of a series of Notes (including the Pricing Supplement(s) relating to such series of Notes) may be modified in relation to a non-reserved matter with the consent of the Issuer and:
- (a) the affirmative vote of a holder or holders of more than 50% of the aggregate principal amount of the outstanding Notes in such series represented at a duly called meeting of Noteholders; or
 - (b) a written resolution signed by or on behalf of a holder or holders of more than 50% of the aggregate principal amount of the outstanding Notes in such series.
- 2.6** Multiple Currencies, Index-Linked Obligations and Zero-Coupon Obligations. In determining whether a proposed modification has been approved by the requisite principal amount of Notes and debt securities of one or more other series:
- (a) if the modification involves debt securities denominated in more than one currency, the principal amount of each affected debt security will be equal to the amount of euro that could have been obtained on the record date for the proposed modification with the principal amount of that debt security, using the applicable euro foreign exchange reference rate for the record date published by the European Central Bank;
 - (b) if the modification involves an index-linked obligation, the principal amount of each such index-linked obligation will be equal to its adjusted nominal amount;
 - (c) if the modification involves a zero-coupon obligation that did not formerly constitute a component part of an index-linked obligation, the principal amount of each such zero-coupon obligation will be equal to its nominal amount or, if its stated maturity date has not yet occurred, to the present value of its nominal amount;
 - (d) if the modification involves a zero-coupon obligation that formerly constituted a component part of an index-linked obligation, the principal amount of each such zero-coupon obligation that formerly constituted the right to receive:
 - (i) a non-index-linked payment of principal or interest will be equal to its nominal amount or, if the stated maturity date of the non-index-linked payment has not yet occurred, to the present value of its nominal amount; and

- (ii) an index-linked payment of principal or interest will be equal to its adjusted nominal amount or, if the stated maturity date of the index-linked payment has not yet occurred, to the present value of its adjusted nominal amount.
- (e) For purposes of this Section 2.6:
- (i) the adjusted nominal amount of any index-linked obligation and any component part of an index-linked obligation is the amount of the payment that would be due on the stated maturity date of that index-linked obligation or component part if its stated maturity date was the record date for the proposed modification, based on the value of the related index on the record date published by or on behalf of the Issuer or, if there is no such published value, on the interpolated value of the related index on the record date determined in accordance with the terms and conditions of the index-linked obligation, but in no event will the adjusted nominal amount of such index-linked obligation or component part be less than its nominal amount unless the terms and conditions of the index-linked obligation provide that the amount of the payment made on such index-linked obligation or component part may be less than its nominal amount; and
 - (ii) the present value of a zero-coupon obligation is determined by discounting the nominal amount (or, if applicable, the adjusted nominal amount) of that zero-coupon obligation from its stated maturity date to the record date at the specified discount rate using the applicable market day-count convention, where the specified discount rate is:
 - (x) if the zero-coupon obligation was not formerly a component part of a debt security that expressly provided for the accrual of interest, the yield to maturity of that zero-coupon obligation at issuance or, if more than one tranche of that zero-coupon obligation has been issued, the yield to maturity of that zero-coupon obligation at the arithmetic average of all the issue prices of all the zero-coupon obligations of that series of zero-coupon obligations weighted by their nominal amounts; and
 - (y) if the zero-coupon obligation was formerly a component part of a debt security that expressly provided for the accrual of interest:
 - (i) the coupon on that debt security if that debt security can be identified; or
 - (ii) if such debt security cannot be identified, the arithmetic average of all the coupons on all of the Issuer's debt securities (weighted by their principal amounts) referred to below that have the same stated maturity date as the zero-coupon obligation to be discounted, or, if there is no such debt security, the coupon interpolated for these purposes on a linear basis using all of the Issuer's debt securities (weighted by their principal amounts) referred to below that have the two closest maturity dates to the maturity date of the zero-coupon obligation to be discounted, where the debt securities to be used for this purpose are all of the Issuer's index-linked obligations if the zero-coupon obligation to be discounted was formerly a component part of an index-linked obligation and all of the Issuer's debt securities (index-linked obligations and zero-coupon obligations excepted) if the zero-coupon obligation to be discounted was not formerly a component part of an index-linked obligation, and in either case are denominated in the same currency as the zero-coupon obligation to be discounted.

2.7 Outstanding Notes. In determining whether holders of the requisite principal amount of outstanding Notes in a series have voted in favour of a proposed modification or whether a quorum is present at any meeting of Noteholders called to vote on a proposed modification, a Note will be deemed to be not outstanding, and may not be voted for or against a proposed modification or counted in determining whether a quorum is present, if on the record date for the proposed modification:

- (a) the Note has previously been cancelled or delivered for cancellation or held for reissuance but not reissued;

- (b) the Note has previously been called for redemption in accordance with its terms or previously become due and payable at maturity or otherwise and the Issuer has previously satisfied its obligation to make all payments due in respect of the Note in accordance with its terms; or
- (c) the Note is held by the Issuer, by a department, ministry or agency of the Issuer, or by a corporation, trust or other legal entity that is controlled by the Issuer or a department, ministry or agency of the Issuer and, in the case of a Note held by any such above-mentioned corporation, trust or other legal entity, the holder of the Note does not have autonomy of decision, where:
 - (i) the holder of a Note for these purposes is the entity legally entitled to vote the Note for or against a proposed modification or, if different, the entity whose consent or instruction is by contract required, directly or indirectly, for the legally entitled holder to vote the Note for or against a proposed modification;
 - (ii) a corporation, trust or other legal entity is controlled by the Issuer or by a department, ministry or agency of the Issuer if the Issuer or any department, ministry or agency of the Issuer has the power, directly or indirectly, through the ownership of voting securities or other ownership interests, by contract or otherwise, to direct the management of or elect or appoint a majority of the board of directors or other persons performing similar functions in lieu of, or in addition to, the board of directors of that legal entity; and
 - (iii) the holder of a Note has autonomy of decision if, under applicable law, rules or regulations and independent of any direct or indirect obligation the holder may have in relation to the Issuer:
 - (x) the holder may not, directly or indirectly, take instruction from the Issuer on how to vote on a proposed modification; or
 - (y) the holder, in determining how to vote on a proposed modification, is required to act in accordance with an objective prudential standard, in the interest of all of its stakeholders or in the holder's own interest; or
 - (z) the holder owes a fiduciary or similar duty to vote on a proposed modification in the interest of one or more persons other than a person whose holdings of Notes (if that person then held any Notes) would be deemed to be not outstanding under this Section 2.7.

2.8 Outstanding Debt Securities. In determining whether holders of the requisite principal amount of outstanding debt securities of another series have voted in favour of a proposed cross-series modification or whether a quorum is present at any meeting of the holders of such debt securities called to vote on a proposed cross-series modification, an affected debt security will be deemed to be not outstanding, and may not be voted for or against a proposed cross-series modification or counted in determining whether a quorum is present, in accordance with the applicable terms and conditions of that debt security.

2.9 Entities Having Autonomy of Decision. For transparency purposes, the Issuer will publish promptly following the Issuer's formal announcement of any proposed modification of a series of Notes, but in no event less than 10 days prior to the record date for the proposed modification, a list identifying each corporation, trust or other legal entity that for purposes of Section 2.7(c):

- (a) is then controlled by the Issuer or by a department, ministry or agency of the Issuer;
- (b) has in response to an enquiry from the Issuer reported to the Issuer that it is then the holder of one or more Notes of such series; and
- (c) does not have autonomy of decision in respect of its holdings of Notes of such series.

2.10 Exchange and Conversion. Any duly approved modification of the terms and conditions of a series of Notes may be implemented by means of a mandatory exchange or conversion of the Notes of such series for new debt securities containing the modified terms and conditions if the proposed exchange or conversion is notified to Noteholders prior to the record date for the proposed modification. Any conversion or exchange undertaken to implement a duly approved modification will be binding on all holders of Notes of such series.

3 Tabulation Agent

3.1 Appointment and Responsibility. The Issuer will appoint a person (the “**tabulation agent**”) to calculate whether a proposed modification has been approved by the requisite principal amount of outstanding Notes of the affected series and, in the case of a cross-series modification, by the requisite principal amount of outstanding debt securities of each affected series of debt securities. In the case of a cross-series modification, the same person will be appointed as the tabulation agent for the proposed modification of the affected series of Notes and each other affected series of debt securities.

3.2 Certificate. The Issuer will provide to the tabulation agent and publish prior to the date of any meeting called to vote on a proposed modification or the date fixed by the Issuer for the signing of a written resolution in relation to a proposed modification, a certificate:

- (a) listing the total principal amount of Notes of the affected series and, in the case of a cross-series modification, debt securities of each other affected series outstanding on the record date for purposes of Section 2.7;
- (b) specifying the total principal amount of Notes of the affected series and, in the case of a cross-series modification, debt securities of each other affected series that are deemed under Section 2.7(c) to be not outstanding on the record date; and
- (c) identifying the holders of the Notes of the affected series and, in the case of a cross-series modification, debt securities of each other affected series, referred to in (b) above, determined, if applicable, in accordance with the provisions of Section 2.6.

3.3 Reliance. The tabulation agent may rely on any information contained in the certificate provided by the Issuer, and that information will be conclusive and binding on the Issuer and the Noteholders unless:

- (a) an affected Noteholder delivers a substantiated written objection to the Issuer in relation to the certificate before the vote on a proposed modification or the signing of a written resolution in relation to a proposed modification; and
- (b) that written objection, if sustained, would affect the outcome of the vote taken or the written resolution signed in relation to the proposed modification.

In the event a substantiated written objection is timely delivered, any information relied on by the tabulation agent will nonetheless be conclusive and binding on the Issuer and affected Noteholders if:

- (a) the objection is subsequently withdrawn;
- (b) the Noteholder that delivered the objection does not commence legal action in respect of the objection before a court of competent jurisdiction within 15 days of the publication of the results of the vote taken or the written resolution signed in relation to the proposed modification; or
- (c) a court of competent jurisdiction subsequently rules either that the objection is not substantiated or would not in any event have affected the outcome of the vote taken or the written resolution signed in relation to the proposed modification.

3.4 Publication. The Issuer will arrange for the publication of the results of the calculations made by the tabulation agent in relation to a proposed modification promptly following the meeting called to consider that modification or, if applicable, the date fixed by the Issuer for signing a written resolution in respect of that modification.

4 Noteholder Meetings; Written Resolutions

4.1 General. The provisions set out below, and any additional rules adopted and published by the Issuer will, to the extent consistent with the provisions set out below, apply to any meeting of Noteholders called to vote on a proposed modification and to any written resolution adopted in connection with a proposed modification. Any action contemplated in this Section 4 to be taken by the Issuer may instead be taken by an agent acting on behalf of the Issuer.

4.2 Convening Meetings. A meeting of holders of Notes:

- (a) may be convened by the Issuer at any time; and

- (b) will be convened by the Issuer if an Event of Default in relation to the Notes has occurred and is continuing and a meeting is requested in writing by the holders of not less than 10% of the aggregate principal amount of the Notes then outstanding.
- 4.3** Notice of Meetings. The notice convening a meeting of Noteholders will be published by the Issuer at least 21 days prior to the date of the meeting or, in the case of an adjourned meeting, at least 14 days prior to the date of the adjourned meeting. The notice will:
- (a) state the time, date and venue of the meeting;
 - (b) set out the agenda and quorum for, and the text of any resolutions proposed to be adopted at, the meeting;
 - (c) specify the record date for the meeting, being not more than five Business Days before the date of the meeting, and the documents required to be produced by a Noteholder in order to be entitled to participate in the meeting;
 - (d) include the form of instrument to be used to appoint a proxy to act on a Noteholder's behalf;
 - (e) set out any additional rules adopted by the Issuer for the convening and holding of the meeting and, if applicable, the conditions under which a cross-series modification will be deemed to have been satisfied if it is approved as to some but not all of the affected series of debt securities; and
 - (f) identify the person appointed as the tabulation agent for any proposed modification to be voted on at the meeting.
- 4.4** Chair. The chair of any meeting of Noteholders will be appointed:
- (a) by the Issuer; or
 - (b) if the Issuer fails to appoint a chair or the person nominated by the Issuer is not present at the meeting, by holders of more than 50% of the aggregate principal amount of the Notes then outstanding represented at the meeting.
- 4.5** Quorum. No business will be transacted at any meeting in the absence of a quorum other than the choosing of a chair if one has not been appointed by the Issuer or is not present at the meeting. The quorum at any meeting at which Noteholders will vote on a proposed modification of:
- (a) a reserved matter will be one or more person(s) present and holding not less than 66 2/3% of the aggregate principal amount of the Notes then outstanding; and
 - (b) a non-reserved matter will be one or more person(s) present and holding not less than 50% of the aggregate principal amount of the Notes then outstanding.
- 4.6** Adjourned Meetings. If a quorum is not present within thirty minutes of the time appointed for a meeting, the meeting may be adjourned for a period of not more than 42 days and not less than 14 days as determined by the chair of the meeting. The quorum for any adjourned meeting will be one or more persons present and holding:
- (a) not less than 66 2/3% of the aggregate principal amount of the Notes then outstanding in the case of a proposed reserved matter modification; and
 - (b) not less than 25% of the aggregate principal amount of the Notes then outstanding in the case of a non-reserved matter modification.
- 4.7** Written Resolutions. A written resolution signed by or on behalf of holders of the requisite majority of the Notes will be valid for all purposes as if it was a resolution passed at a meeting of Noteholders duly convened and held in accordance with these provisions. A written resolution may be set out in one or more documents in like form each signed by or on behalf of one or more Noteholders.
- 4.8** Entitlement to Vote. Any person who is a holder of an outstanding Note on the record date for a proposed modification, and any person duly appointed as a proxy by a holder of an outstanding Note on the record date for a proposed modification, will be entitled to vote on the proposed modification at a meeting of Noteholders and to sign a written resolution with respect to the proposed modification.

- 4.9** Voting. Every proposed modification will be submitted to a vote of the holders of outstanding Notes represented at a duly called meeting or to a vote of the holders of all outstanding Notes by means of a written resolution without need for a meeting. A holder may cast votes on each proposed modification equal in number to the principal amount of the holder's outstanding Notes. For these purposes:
- (a) in the case of a cross-series modification involving debt securities denominated in more than one currency, the principal amount of each debt security will be determined in accordance with Section 2.6(a);
 - (b) in the case of a cross-series modification involving an index-linked obligation, the principal amount of each such index-linked obligation will be determined in accordance with Section 2.6(b);
 - (c) in the case of a cross-series modification involving a zero-coupon obligation that did not formerly constitute a component part of an index-linked obligation, the principal amount of each such zero-coupon obligation will be determined in accordance with Section 2.6(c); and
 - (d) in the case of a cross-series modification involving a zero-coupon obligation that did formerly constitute a component part of an index-linked obligation, the principal amount of each such zero-coupon obligation will be determined in accordance with Section 2.6(d).
- 4.10** Proxies. Each holder of an outstanding Note may, by an instrument in writing executed on behalf of the holder and delivered to the Issuer not less than 48 hours before the time fixed for a meeting of Noteholders or the signing of a written resolution, appoint any person (a "**proxy**") to act on the holder's behalf in connection with any meeting of Noteholders at which the holder is entitled to vote or the signing of any written resolution that the holder is entitled to sign. Appointment of a proxy pursuant to any form other than the form enclosed with the notice of the meeting will not be valid for these purposes.
- 4.11** Legal Effect and Revocation of a Proxy. A proxy duly appointed in accordance with the above provisions will, subject to Section 2.7 and for so long as that appointment remains in force, be deemed to be (and the person who appointed that proxy will be deemed not to be) the holder of the Notes to which that appointment relates, and any vote cast by a proxy will be valid notwithstanding the prior revocation or amendment of the appointment of that proxy unless the Issuer has received notice or has otherwise been informed of the revocation or amendment at least 48 hours before the time fixed for the commencement of the meeting at which the proxy intends to cast its vote or, if applicable, the signing of a written resolution.
- 4.12** Binding Effect.
